Dear Peter,

Our congress participation in Athens is already a moment ago. However, I'd like to take this opportunity to thank you for the superb job done by your company.

Not only the excellent quality of customized items but also the service orientation and high degree of professionalism we could experience during preparation and execution on site were more than convincing.

Thanks also for assigning one of your best for this project. Absorbing stress Eleni significantly contributed to the success of the project with her in depth specialised knowledge, valuable recommendations and her dedicated communication skills.

Especially in light of the relatively short preparation period, we felt that everything was under control at any time.

We appreciate your performance and will have pleasure considering your company also for tenders of future projects in Greece.

Freundliche Grüße / Best regards,  
Thomas Ernst
