EUROECHO 2012, 5-8 December 2012

The sixteenth Annual Meeting of the European Association of Echocardiography, a Registered Branch of the ESC, in cooperation with the Working Group on Echocardiography of the Hellenic Cardiological Society.

Dear Peter,

EUROECHO 2012 was a great success and your company Vision significantly contributed to this achievement.

We received many positive feedbacks from the committees, exhibitors and delegates concerning the organisation of the congress and the high level of services provided by Vision. Your hard work both before and during the event made this happen.

We really enjoyed working with you and we would like to express our sincere appreciation for your constant support, professionalism, good humour and for the dedication of your team from the planning phase to onsite build and operations right through to the final wrap up stage. Please convey our thanks to the entire Vision staff.

Yours sincerely,

Anne-Laure Leuba
Congress Manager
